

Luke Power – Location & Multi-Channel Sound Recordist

I am an experienced freelance location sound recordist working in TV and film across the UK and worldwide. I have worked on short films, TV drama, feature films, documentaries, promos, and recorded live bands in and out of the studio. Whatever the style, location or scenario I thrive on making sure the sound is nothing less than superb.

Date of birth:

7th August 1979

Kit:

Alongside my ENG standard sound kit (SQN, AKG, Sennheiser, Rode) I also run a 32 channel mobile recording set-up, this is ideal for live performances of any nature and also doubles as a mobile recording studio for artists who prefer to record in their own space.
